## News of Key Events and Activities of Meher Roshani Foundation

Right from its inception in September 2013, Meher Roshani Foundation has been involved, in over a range of opportunities, where you can step in, to be a part of. None feel despair, and ask the self, "What can I possibly do?" We all may not be able to do everything, but each one of us can surely do something. And that is the endeavor of our Foundation and its S3 Initiatives (Social Service for the Soul). To help people tap into their own potential and serve through their very own ISR (Individual Social Responsibility). For every Corporate to endeavor to expand their CSR to ISR. To live a life of exemplary example of love, truth, kindness, inclusion, unity, pluralism and oneness.

We have our monthly donation activities of food, stationary and other items, to affiliate NGO and Destitute schools, orphanages, Bastis (hutments), and to need based individuals, for education school fees sponsorships, medical sponsorship, general donations, etc. We also have our yearly, Children's Party, Diwali Party, Christmas and New Year Party, Women's Day and many other such yearly celebrations. We encourage our Clients, Students and Patrons to celebrate their life events like kids birthdays, their own Birthdays, Anniversaries etc., and involve their kids and families to be a part of it with the lesser fortunate for bringing smiles to our under-privileged siblings. For each soul it is a blessed opportunity to be a Giver and we Thank the Receivers who grace us with these blessed moments.

Our activities also involve from time to time being a part of larger causes and donation drives for natural calamities. We have been a small humble part in such endeavours for the Nepal Earthquake, Chennai Floods, Earth Saviours Foundation Fire massacre and others.

## **NOVEMBER 2014**

Thanks to the continued support from many of our Patrons, Meher Roshani Foundation, humbly contributed towards this lovely Meherful Diwali Party for about 150 less fortunate children from slums and destitute schools, to join hands with another NGO, who's also doing some great work towards the cause of spreading more Joy in this World. Many other NGOs too joined in the efforts for this Party.

**Note from the other NGO:**

"Dear Friends, We are extremely thankful to Meher Roshani Foundation and all our associates and NGOs in making the Diwali event for the underprivileged children possible. We take this opportunity to especially thank our main sponsors for the event without which this would not have been possible and also other supporters have been generous enough to chip in to make the event extremely memorable for the children. The event started with round of snacks and water. Then the children were divided in two groups for the entertainment program as there were cultural events, so that it will be easier for the hosts to identify the winners of the competitions and give them the goodies as prizes. There were loads of music, dance, poems, jokes and stories which were narrated and shared by the children. After all the dances and other programs, children were directed to the dining tables for the wonderful dinner. Post the dinner children were given gifts which included bag, bedsheets, towel, books, candles, toothpaste, hair oil, soap, packets of sparkles and flowers were distributed."

## **DECEMBER 2014/JANUARY 2015**

# APRIL 2015

## 1. Celebrate Your Life events with the lesser fortunate

In April 2015 Meher Roshani Foundation was blessed to do a lovely birthday party for 53 under privileged kids sponsored by our sweet Angel Sakshi, for her 3 year old son Agnay's birthday. We had lots of fun, dancing, games, yummy cake/snacks and a magic show that simply thrilled the little Angels. Sakshi's entire family with her husband, mother in law and 2 kids were there with us and totally hands on with all the lovely work. It was such a delight.

The joy of playing and serving God, through these kids was such a high. There was a major learning from them that happiness is truly within us all. Devoid of their situations these kids were so highly charged, joyful, and confident, that it would take some time to absorb the seeming fact that they were from destitute schools or orphanages. It was seeing Meher Baba's words come alive - "To be in the world but not of the world."

## 2. Prayas kids Summer Camp with Meher Roshani

"When God gives the opportunity to be of service to HIM by being of service to HIS different forms; then HE is actually giving us the blessed opportunity to serve ourselves indirectly." © Roshani/April2015

Had such a blessed day on 27th April 2015, with a day workshop with 60 little Angels between 8 & 11 to 18 years. All of them were from lesser fortunate backgrounds but were shining their true selves with their dreams and aspirations. One wanted to be a scientist another few IPS Officers, Naval Officers to Doctors Fashion Designer to one who took pride in stating he wants to be a driver. It was amazing to see their fun element at its, best along with the thirst to learn and unlearn. We look forward to more such wonderful events at Meher Roshani.

## APRIL MAY AND JULY 2015

In May 2015 we had our beautiful Angel Bhavna Rangnani celebrate her Birthday with our lovely children from the Prayas Home. In April and July 2015 Meher Roshani Foundation was blessed to do a lovely birthday party by our patrons for the Birthdays of their children. The party was organized for 60 Children at Mac Donalds, Andheri, Mumbai

## **AUGUST 2015**

**We are deeply thankful to our dearest friend and well-wisher, and a great human being, actor and producer, Mr. Tusshar Kapoor, who in the name of, and with the blessings of the Goddess Maa Mookambika, donated a loving amount for the various education, food and medical activities for our under privilege siblings.**

## **NOVEMBER 2015 – Children’s Day and Diwali Party**

**14th of November is celebrated as Children’s Day in India on the birth Anniversary of Pandit Jawaharlal Nehru. Though the loving Children’s Day Party for our sweet angels of heaven takes place on this day annually, we believe that for all good things, be it Mother’s Day or Father’s Day or Women’s Day, life has to be celebrated each day. We instil that in all the children and all our loving support Angels, our students, clients, of Sparkling Angels Wholeistic Living and Holistic Healing and our patrons and well-wishers who unfailingly join us for manifesting all the goodness we want to spread.**

**We had a great day spend at our loving well-wishers and patrons, the campus of the premium Film and Media Institute in Mumbai, The Whistling Woods International. 120 joyful, loving and playful kids from our affiliate - Prayas Home, were brought together in buses at Venue. We had some great games, a dance competition, a magic show, lots of gifts and prizes, some sumptuous food, and desserts.**

**We always encourage our students to make food items at their end and bring them for such events, or personally fetch them so that they have their loving soul involvement in all that is done. We also have harboured a great philosophy of bringing their children for all such events, including celebrating their kids Birthday parties with our lesser fortunate siblings. This helps in infusing a sense of inclusion, pluralism and oneness amidst the children and parents. The children of our students learn to mix with all of these little Angels and play and share with them with equal fervour and joy.**

**The Day ended with a great movie show of this amazingly spirited film called “The Chillar Party” at the Foundation Hall at the Campus, and with a return gift of a big school bag and lots of other goodies in it for each of the 120 kids. We also always share return gifts for their Teachers and Volunteers.**

**This all could be possible from our soulful friends, students and patrons. So with the immense love and support from our blessed Samaritan friends our Foundation was able to bring joy love and laughter to 120 hearts of lesser fortunate siblings of our society along with their Teachers and Volunteers, through our Yearly combined Party for Children's Day and Diwali. Our loving friends and students all were involved to give the best for this joyful celebration. The key ones who made this wonderful celebration possible were:**

- Meghna Ghai Puri and the entire team of Whistling Woods for every year giving us our beautiful Campus and facilities to help us make the kids enjoy in the vastness of our amazing space along with a film screening.**
- My darling friend Shahnaz Jehani for the amazing 9 kgs of Chocolate Cake.**
- My dear friend Tusshar Kapoor for his contribution to our Foundation.**
- My friends Poonam and Manish Goel, Anupama and Anup Sharma, Delna and Jamshed Dhamodiwalla, Anupama and Anup Sharma, Kiran Khanna, and Saumya Santosh, for helping us with the transport and the lovely big school bags and take away snack packs for all the kids.**
- My other friends and Angel students Shazneen, Binoxy, Ferozie, Sakshi, Rashmi, Bhavna, Pooja and Anita who contributed, volunteered and also raised contribution for the game prizes and other gifts, making and contributing food and all the fun that the kids had.**
- To the friends of Ferozie and her friend's little child who from his Diwali pocket money contributed a token for these loving kids. A great example of our philosophy of each one can make a difference.**
- My dear Kanchi, Nitin ji, Kiran, Ravi and all other staff of WWI who were there in full support to help and cheer.**
- My house help kids Vishal and Ram and all others who helped and contribute consistently towards our efforts.**
- Lastly a big thank you to Prayas team Amar and his volunteers for bringing together our most important guests due to whom we can be graced to be the Givers - The loving Children.**

Seen here are my lovingly devoted to help at all times Angels Ferozie, Binoxy, Sakshi and husband Sandeep, Bhavna, Anita, Rashmi and her little son who was the most enthused player, and helper with the little kids. Thank You God for helping us to do it all and for helping me to entrust everything at your Lotus Feet. May Baba Bless each one to be a blessing for one another and all of Humanity and Creation.

# DECEMBER 2015

## 1. 13th December – Cyclothon Participation

Footprints on the sands of time are not made by sitting down. Life is a cycle, riding it is the only option but your balance shall denote how well you ride it. Each day is a new creation. So rise and take charge of the unique cycle of your life. ♡ © Roshani/Dec2015 Meher Roshani Foundation participated in this grand Cyclothon with many kids participating in it and by gifting a brand new professional cycle to another Slum NGO for it to be used by the kids. It was an amazing initiative by The Young Environmentalists Trust of Mumbai to support and nurture the habit of cycling, thereby curbing pollution and moving towards a healthier surrounding. The entire large scale event was initiated and driven by the dynamic Founder Elsie Gabriel. It was an amazing feat to watch so many people all out there at 5 am in the morning to support the cause. It also had a brilliant display of many natural talents like martial arts, Zumba and many more, acknowledging some great cyclists and record holders. They also had the tireless 'Dabbawalas' of Mumbai participating who since the last 125 years have been cycling to deliver food boxes to millions. It was lovely meeting the humble ever enthusiastic and supportive Mr. Hiranandani. It was great to see him as excitedly taking pictures while the event interstitial programs were on. It was a very well organized and

executed event. Hats off to Elsie and Team! We ended with distribution of snack packs to our group of kids and Volunteers and the cyclist kids also got a sumptuous snack box from Kellogs who was one of the sponsors of the Event. Meher Roshani Foundation received a Medal and individual certificates to all kid participants. The beautiful fruitful Sunday was filled with a Baba surprise of meeting my dearest loving Sheetal Meher and friends. Thank you Elsie for this amazing opportunity and hope to associate with you for more and more such great causes. Thank you my Angels Binoxy, Ferozie, Sangita, Bhavna, Anita Chawla for contributing towards the Gift Cycle and all others who consistently contribute and stand by ready to help at all times.

## 25th December – Christmas with street siblings

We had a lovely Christmas with some street children and their parents. Shared some snack packets with them for Christmas. They were all so thrilled.. and after taking pictures the pink tshirt Angel asks me in Hindi if I will put these pictures on "what app" and "Facebook."

And with that she brought me a bigger smile on my face than I could bring on theirs... Wished them all Merry Christmas and a Happy New Year full of love and blessings. I thank them and all who come as the loving receivers for our Foundation to work towards its life mission.

#### 4. Individual Social Endeavours

**Our ongoing endeavour to motivate towards a holistic viewpoint of existence, our Managing Worker strives to share innovative ways and means to live that life and help people to the same. On one of those list of things she wishes to go by this ingenious way of becoming a tree after she moves on from Earth rather than any other religious ways. This is what she shared on the Facebook page of our Foundation on 3rd March 2016.**

**Roshani Shenazz says; "I would want to sign up and leave behind instructions to move on from this World and become a Tree. This would be such a great Give Back to Mother Earth. And for me it would be a Tree in Meherabad at the soil of my Eternal Beloved God Meher Baba. Blessings to the people who came up with this ingenious idea for us to live beyond time in its true sense even on Earth. Can we imagine what would it be if we all Will to leave**

**this Earth behind and become a tree instead of a slab of stone or dust and ashes, and thus end up contributing even after we leave this Earth?**

## MEHER ROSHANI FOUNDATION

TO GIVE BACK, FROM WHAT WE HAVE GOT

### OUR MISSION:

The foundation aims to help the two generations of our times. There is the generation that has molded us into who we are. And there are under privileged children, the future of our country, whom we can help mold.

Our mission is to reach out to retired teachers, by extending healthcare services and comfort to our Gurus who need and deserve it, but can't afford to take care of themselves. Our hope is that they live their last few years on Mother Earth comfortably and leave with smiles on their faces. Our foundation shall also help working teachers, with financial constraints, so that they can impart their knowledge with love and passion and free of financial concerns.

We also aim to provide educational and healthcare support to children from under privileged backgrounds. This will include distribution of books, hosting events, school visits, affiliated programs & forums, etc.

### OUR VISION:

Our Vision includes many things, besides helping retired and working teachers. We also aim to help more people discover their passion for teaching, and motivate them to take up teaching professionally. We endeavour to encourage and sponsor Teachers' Training & Forums for Teachers & Children. We shall partner with Teach India, and other such platforms to help create healthy environments in schools and institutes, impart empowerment training for teachers and children to build and strengthen not just their IQ but also their EQ (emotional quotient) and SQ (spiritual quotient), so that they can live life in a responsive manner. Through our efforts, we hope to empower them to be universal citizens.

The ultimate vision of the foundation is to help build a world wherein people are loving and empowered. A world where, harmony, love, peace, brotherhood and oneness are achieved through teaching, learning, sharing and growing.
